GOODRIDGE

HIGH PERFORMANCE
RACE PROVEN BRAKELINES

No matter what Lotus car you drive, upgrading your standard brake hoses to Goodridge high performance brake hoses is a smart move.

Simply changing the hoses improves the brake performance and pedal response.

You will notice an immediate change to how your Lotus behaves by eliminating sponginess under heavy breaking conditions.

The new hoses have minimal wall flex and consequently increases breaking efficiency.

The superior construction of these hoses also ensures they are both abrasion and corrosion resistant.

Vehicle	Part Number	Price
Elan +2 stainless braided hose kit, 4 hoses	SLS0204-4	\$165.00 plus GST
Elan +2s (M16P calliper) hose kit, 4 hoses	SLS0203-4	\$165.00 plus GST
Elan S1/S4 stainless braided hose kit, 4 hoses	SLS0201-4	\$165.00 plus GST
Elan Sprint stainless braided hose kit, 4 hoses	SLS0202-4	\$165.00 plus GST
Elan M100 stainless braided hose kit, 6 hoses	SLS0250-6	\$245.00 plus GST
Elise/Exige stainless braided hose kit, 4 hoses	SLS1100-4	\$165.00 plus GST
Elite 1974 on stainless braided hose kit, 4 hoses	SLS0400-4	\$165.00 plus GST
Europa stainless braided hose kit, 4 hoses	SLS0600-4	\$165.00 plus GST
Excel stainless braided hose kit, 4 hoses	SLS0500-4	\$165.00 plus GST
Super 7 S111 stainless braided hose kit, 3 hoses	SLS0103-3	\$125.00 plus GST
Esprit S1 stainless braided hose kit, 4 hoses	SLS0701-4	\$165.00 plus GST
Esprit S2 stainless braided hose kit, 4 hoses	SLS0701-4	\$165.00 plus GST
Esprit S3 N/A stainless braided hose kit, 4 hoses	SLS0702-4	\$165.00 plus GST
Esprit S3 Turbo stainless braided hose kit, 4 hoses	SLS0702-4	\$165.00 plus GST
Esprit Turbo 1988 – 1992 stainless hose kit, 6 hoses	SLS0702-6	\$245.00 plus GST

For your peace of mind, these hoses are guaranteed forever.

They are also TUV plus ADR compliant and are supplied with identification sleeves that indicate this.

GOODRIDGE

HIGH PERFORMANCE BRAKELINES

THESE RACE-BRED BRAKELINES ARE CONSTRUCTED FROM THE FINEST QUALITY HOSE, CONSISTING OF A PTFE INNER AND STAINLESS STEEL OVERBRAID.

- ELIMINATES SPONGINESS UNDER HEAVY BRAKING
- INCREASES BRAKING EFFICIENCY • ABRASION AND CORROSION RESISTANT

INSTALLATION INSTRUCTIONS

- 1 Compare new brakelines to existing hoses to check the specification is correct.
- 2 Carefully remove existing brakelines from vehicle, avoiding splashing paint work with brake fluid. Remove all old crush washers and drain the system of brake fluid. Any adaptors or banjo bolts should only be re-used if in excellent condition.
- 3 Ensure all sealing surfaces are clean and in good condition
- 4 Fit Goodridge line(s) using the new crush washers supplied with the kit. Do not fully tighten the bolts or threaded hose ends until stage 5 has been fully completed.
- 5 Check line(s) for clearance and correct length. The hose should be installed without any twists or kinks and full travel of suspension and steering checked to ensure the hoses are not stretched or trapped.
- 6 Tighten banjo bolts and end fittings. Bolts should be tightened to the following torque settings:

	Min(ft/lbs)	Max(ft/lbs)
STEEL (CHROME or ZINC)	14	24
STAINLESS STEEL	14	24
ALUMINIUM	6	10

- 7 **Bleeding the brake system**
The system is now ready to be bled. Fresh brake fluid should be used and the system bled in accordance with the vehicle manufacturer's recommendations.

WARNING

BEFORE TEST DRIVING YOUR VEHICLE, MAKE A FINAL CHECK ON THE BRAKE LINES TO ENSURE ALL CONNECTIONS ARE TIGHT AND LEAK FREE. THE BRAKE PEDAL SHOULD BE FIRM AT THIS STAGE.

- If electric welding is to be carried out on the vehicle, disconnect the battery and ensure that the welder is earthed correctly.
- It is not advisable to mix rubber hoses and stainless steel replacements on the same brake system.

If for any reason you require technical assistance with installation, refer to your Goodridge dealer or telephone us direct.

GOODRIDGE: A BACKGROUND OF RACING HISTORY

For more than thirty years, Goodridge have been supplying hose and fittings to the world's leading drivers and teams. Ongoing research and development means that the knowledge gained is passed on to you, the serious user.
